Head of Girl Scout Movement Explains Activity at Ogdens Meeting

Interest and enthusiasm in the scout movement in Ogdens was yesterday when Mrs. Herbert Hoover, president of the national council of the Girl Scouts of America, spoke at the home of Mrs. David E. Moore, 1200 E. 10th street, before a group of Girl Scout leaders and members. Mrs. Hoover was here on her way to the national council headquarters in Washington, D. C., where she will remain for several days. She is the first woman to have spoken at the Ogdens meeting since the establishment of the Girl Scout camp in 1918.

Mrs. Hoover explained the purpose of the Girl Scout movement, which is to train girls in the art of citizenship, and to give them a chance to do good work. She said that the Girl Scouts are not a military organization, but a group of girls who are trained to be helpful and to do good work. WHEN DEATH CAME AT ARMOUR HOME

Even the Chicago police department did a share in trying to save the life of Gwendolyn Armour, 6-year-old daughter of Philip D. Armour III, Chicago millionaire. A zone of quiet was established for a block around the Armour home. Little Gwendolyn died, however, of blood poisoning in spite of this and the ten doctors who attended her. Picture shows officers on guard at the zone of quiet blockade and (inset) Gwendolyn (right) and her little brother, Philip IV.

INSPECTOR HOLDS UP CURRANT BUSHES

Three currant bushes shipped from a nursery in New York were intercepted yesterday by G. A. Root, Ogdens representative of the bureau of plant industry. They were consigned to an Ogdens buyer. The shipment was intercepted by the federal officer because it left the express to prevent the spread in this territory of white pine blister, the infestation that has caused thousands of dollars of damage to forests.

He also intercepted the shipment of the currant bushes that were consigned to Elko, Nev. He said that the shipment from eastern points of currant bushes, gooseberry bushes or eastern plants was in violation of the federal law.

GIRL HURT WHEN AUTO AND CAR HIT

Miss Rosa Mosteller, 22 years of age, employed in the office of the Utah school for the deaf and blind, was bruised about the face and head at 8 o'clock this morning, when an automobile driven by Harry M. Wells, an instructor at the school, crashed with a street car at Twenty-first street and Jefferson avenue. Mr. Wells was not hurt.

According to reports, the street car was proceeding west on Twenty-first street while the automobile was going north on Jefferson avenue. The car and the machine were going at a fast rate of speed, but Miss Mosteller was thrown forward by the impact. The machine was badly damaged.

Miss Mosteller was taken to her home where she quickly recovered and was able later to assume her duties at the school.

START SURVEY ON FILLMORE RAILROAD

DELTA, April 12.—Preliminary surveys are being made by the engineering corps of the Union Pacific railroad company for the branch line to Fillmore. Due to the guarantee that the Delta Commercial club made of a right of way the club is encountering certain opposition.

Some land owners evince a desire to hold for condemnation and purchase proceedings, although their interest is few. The right of way is important to the building of the road and without work will drag through the season. Delta is showing activity in committee work to procure the right of way needed out of this point.

TO APPEAL FROM ROBERTS' DECISION

Joseph B. Bates, attorney, announced today that he would appeal from the decision of Judge D. R. Roberts who last evening found Louis A. Fisher guilty of passing a worthless check on M. Oishi, Japanese merchant for \$75.

City Judge Roberts sentenced Fisher to pay a fine of one or serve 90 days in jail. He granted a stay of execution to permit Attorney Bates to perfect an appeal to the district court.

President Rolapp said before his departure that he expected to be away for three or four weeks in the interest of the company.

While in New York and Chicago President Rolapp will confer with parties interested in the Amalgamated Sugar company. He will attend a conference of sugar men at Washington.

Careless Shampooing Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use. Two or three teaspoonfuls of Mulsified in a cup of glass with a little warm water is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in.

It makes an abundance of rich creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggists gives you Mulsified.—Advertisement.

I could not do my work, and while I was down sick a lady from out of town sent me a bottle of Mayr's Wonderful Remedy which proved truly wonderful. I believe it is the best medicine on earth." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by A. R. McIntyre Drug Co., and druggists everywhere.—Advertisement.

SENTENCED TO SIX MONTHS FOR THEFT

Oscar Olson, 24, laborer, who entered a plea of guilty yesterday in the district court to the theft of a wagon, was sentenced to six months in the county jail by Judge James N. Kimball. Olson was first charged with grand larceny, but he agreed to plea guilty to a lesser charge and the previous charge was reduced to a misdemeanor. Olson was found living in the wagon in the western section of the city.

CASH BOND FILED IN FRANKLIN CASE

In the case of the city against J. P. Franklin, charged with having liquor in his possession, the personal bond was allowed by Judge D. R. Roberts of the city court to be withdrawn and a cash bond of \$250 substituted therefor upon the recommendation of City Attorney Wade Johnson.

The preliminary hearing of the case of the state against Jack Woodward was set for hearing on April 22.

PREDICTS CHAOS IF WAGES ARE CUT MORE

CHICAGO, April 12.—Big business can not further reduce wages "unless it is willing to share responsibility for the chaos that would follow," Samuel Gompers, president of the American Federation of Labor, declared in an address before the City club Tuesday.

Organized labor, he said, was the supreme barrier against a state of anarchy in the United States. "The one stigma on our boasted civilization today is that in this land of plenty, 5,000,000 of our fellow beings should be seeking a way to find their bread," he continued.

WORLD RECORD SET BY OREGON JERSEY

SALEM, Ore., April 12.—Another Oregon Jersey cow has broken a world record and now holds the championship for all mature animals, according to information telegraphed from New York by the American Jersey Cattle club. She is Lad's Iota, owned by St. J. McKee of Independence, Ore.

The cow's record for the year ending last Friday night was 1,047.84 pounds of butterfat. This beats by 7.56 pounds the previous record held by Flain Mary, a Maine cow.

In the Jersey list are eight classifications, beginning with cows under two years old and ending with mature cows, those above five years old. Oregon now holds the records for seven of the eight classifications.

MOVIE CENSOR INVESTIGATED

Ogdens Rotary Club Hears Suggestion of Legislative Move

Suggestion that the Ogdens Rotary club make investigations to determine whether or not it should be wise to ask Utah's next legislature for a law establishing motion picture censorship, was made this noon by President E. S. Hinkley of the club in an address at the Rotary meeting luncheon held in the Weber club rooms. This suggestion, he said, came as a result of discussions at the recent Rotary district convention held at Missoula, Mont., when Rotary Chairman, International vice president, discussed boys' work.

That 60 per cent of the boys at the state industrial school have reported their first offense following suggestions they secured through moving pictures, was stated by the speaker. The motion pictures are the greatest educational force in the country at the present time, he said, but that educational force should be turned to the highest account.

COMBINED GOVERNMENT

President Hinkley and three other delegates to the district convention were the speakers to report regarding the event. Willard G. Wilson of the Southern Pacific, gave details of the trip. Henry Stevens spoke of the Butte plan for consolidation city-county government in Butte and Silver Bow counties, commending the idea for Utah counties. Secretary W. V. Rockefeller reported on the discussions regarding classifications, code of correct practices, re-districting and the endorsement of Ralph E. Bristol for international vice president.

Continuing that Ralph E. Bristol will be elected a vice president of the international Rotary movement was expressed by President Hinkley. He gave brief reports on the speeches delivered by Governor Dixon of Montana, Governor Thomas Davis of the Rotary district and Ralph Cummings, international vice president. The latter speech he said brought up the three important questions of attendance of boys' work and the motion pictures. He suggested that Utah's delegation to the international convention in Los Angeles should have a new, catchy Utah song, slogan and cheer.

PRIZE OFFERED

On motion of W. Karl Hopkins, Rotarians offered prizes to Rotarians for the best song, slogan and cheer submitted at a meeting two weeks from today.

Ralph E. Bristol, a member of the international committee on re-districting, reported that the work had been completed and that in the new Rotary map, Utah and Idaho would form the new district No. 6, Montana being in a separate district.

Dr. H. M. Rowe discussed the question of Rotary attendance, stating that 40 members had perfect attendance for three months, 37 had attendance records between 60 per cent and perfect and 19 were less than 60 per cent. He urged these latter to attend with more regularity in order that they might not lose membership through the operation of the attendance by-law.

FINDS ENOUGH TO PAY ONG'S BILL

Sheriff Richard Pincock received a pleasant surprise yesterday afternoon when he attached the trunk of Ong Chou Que, Chinaman, who had left the county jail, owing a board bill of approximately \$13. Ong was charged with board at the rate of 60 cents a day when he was acquitted of a charge of embezzlement and then asked that he be allowed to remain in jail fearing that Ogdens Chinamen would harm him.

Ong left a few days ago and forgot to pay his board. The sheriff learned that the Chinaman had a trunk in Ogdens and yesterday went to attach it. But, while examining the contents of the trunk, the sheriff discovered a gold piece and other silver coins, more than enough to settle for Ong's board. So the county is now even with Ong Chou Que.

WATERSTRAW'S BAIL IS SET AT \$1000

F. F. Waterstraw, charged with setting fire to a mechanical piano in a room of a house located at 2727 Lincoln avenue on Saturday night last was arraigned in the city court this morning before Judge D. R. Roberts. The preliminary hearing of the case was set for April 15 and his bail was fixed at \$1,000.

James Patterson, charged with a felony, was arraigned and upon the recommendation of the district attorney the felony charge against him was dismissed. He pleaded guilty to a misdemeanor and was sentenced to serve 60 days in jail.

The case of the city against A. J. Johnson and others charged with gambling was set for hearing tomorrow forenoon.

Dandruff Heads Become Hairless

If you want plenty of thick, beautiful glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. Dandruff doesn't do much good to try to brush it out. The only sure way to get rid of dandruff is to dissolve this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.

How You Can Make Hairs Quickly Disappear

(Helps to Beauty)
Even a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with delatone. To remove hair from arms, neck or face make a stiff paste with a little powdered delatone and water, apply to hairy surface and after about two minutes rub off, wash the skin and it will be left free from hair or blemish. To avoid disappointment, be quite certain you get real delatone and mix fresh.—Advertisement.

HOLDS LIQUOR IN MOUTH FOR POLICE

SPOKANE, Wash., April 12.—Virgil Fitzgerald, who testified in superior court here that he purchased a drink of "moonshine" and then held it in his mouth until police officers arrived with a glass in order that they might preserve it for evidence, underwent examination by the defense Tuesday.

Fitzgerald, who said he had acted at the instance of the police, declared he purchased the beverage at the soft drink counter of Charles Bruno, defendant in the case. Despite Bruno's exhortations to swallow it, he held it until the officers came.
